

The **monthly** branch newsletter of **railfuture** in London and the South East

Britain's leading *independent* campaign for a bigger better railway for passengers and freight

## New Thameslink station in Zone 3 north London

Opening with the timetable change on 10<sup>th</sup> December, Brent Cross West on the Midland Main Line will join Thanet Parkway and Barking Riverside as recently-opened mainline stations in our regional branch area. It could later be connected with the northern arm of the proposed West London Orbital which would terminate at Hendon, the southern arm passing via Cricklewood to West Hampstead Thameslink.

## Britain's Growing Railway in London & South East: December birthdays

~ 4<sup>th</sup>, in 1982 – Watford Stadium Halt opened, on match days only (to be served again by a new station on a revived Croxley link, at Watford Vicarage Road!)

~ 9<sup>th</sup>, in 2007 – London St. Pancras International's Thameslink platforms A and B opened.

~ 9<sup>th</sup>, in 2012 – London Overground services extended from Surrey Quays via a new link at Silwood Junction to Queens Road Peckham, Peckham Rye, Denmark Hill, Clapham High Street, and Wandsworth Road to Battersea Park / Clapham Junction, at last completing London's new 'outer circle' railway.

~ 10<sup>th</sup>, in 2023 – Brent Cross West opens!

~ 11<sup>th</sup>, in 2016 – London Marylebone services extended between Oxford Parkway and Oxford.

~ 14<sup>th</sup>, in 2008 – Aylesbury Vale Parkway station, and the extended line from Aylesbury, opened (one day to be served by trains between the re-branded East West Main Line and Watford Junction?)

~ 22<sup>nd</sup>, in 1994 – Eurotunnel Le Shuttle services for cars commenced.

**Our vision for rail:** A railway system that provides services which travellers and freight forwarders want to use, and which offers more journey opportunities to more people and more freight.

## What shall we be doing this month?

London and South East regional branch members, and / or committee members, will be:-
