

## Do you want to see a high-quality, modern railway in Britain?

- Fast, frequent trains to more places; good on-board facilities and value-for-money fares
- Modernised accessible stations with improved facilities and adequate car parking
- Links to buses, cycle storage and better pedestrian routes
- Freight moved from road to rail
- Bigger railway: new stations, lines and freight terminals

**If so you should be a member of Railfuture, the national lobby group to improve Britain's railways - Together we can do it!**
