## HALF A CENTURY IN RAILWAY SERVICE

### Mr. W. Steer Retires in Barnstaple

Mr. William Steer, of 2, West View, Barnstaple, retired last week after nearly half-a-century in the railway service. He started work-

ing at Crediton in 1899 and was a signalman for 37 years. He was stationed at Instow and Portsmouth Arms, and spent 27 years as a signalman at Barnstaple. He served under five stationmasters: Messrs. Heath, Samson, Ford, Cawsey, and Kelland.

Mr. Steer has two sons, both of whom are employed at the Barnstaple Junction station.

### Railman retires

Mr. Bill Steer, of 20, Linden Close, Barnstaple, has retired after 41 years with the railway service. He joined at Barnstaple, where he has remained ever since. He was leading railman

## *Government's stated objectives*

- The Department for Transport program works with councils to help support left-behind communities.
  - Supporting new housing developments and boosting tourism.
  - Opening up jobs and education.
  - Investment targeted at regenerating local economies.
  - Cut down on car emissions and ease local road congestion.
- 
-

# Why Bideford?

- A 'Greater Bideford' resident population of over 30k, growing recently by 3k per decade, the largest shortfall in rail connectivity in all Devon.
  - That number doubles up to 60,000 people in the summertime!
  - Sustainable access.
  - A and B Roads: often slow and unpredictable journeys whether by car or bus.
  - In line with central government's Carbon Neutral targets.
  - Access for all further and higher education students.
  - Tremendous employment opportunities.
  - Fremington Parish has over 12,000 parishioners - enough to justify a railway station.
  - local transport network now: congested, no realistic prospect of capacity growth.

## *Devon County Council's Bideford to Barnstaple railway safeguarding*

- In 1999, DCC, TDC and NDC paid a team to carry out a feasibility study (The Maunsell Report). The report stated that the Barnstaple A361 bypass was to be constructed with enough height clearance for a future railway.

**Torrige**, ranked as in the lowest 4% of GDP per capita in the whole of the UK!

A restored railway service would bring economic prosperity for the entire area.

Bideford residents would gain (much needed) employment opportunities without the need to own a private vehicle.

North Devon ranked in lowest 15%

Torrige ranked in the Lowest 5%!

Housing affordability in North Devon 15% worse than average for England, putting North Devon in upper 40% of least affordable districts in England.

A new railway service will at least help make those new homes more sustainable for some of their travel needs.

### Housing affordability in Devon's 10 District & Unitary Councils, March 2021

Ratio of median house prices to median workplace-based annual earnings by LA district, England and Wales, 2021

Planning for our future together

- 'People and Place' project, the new joint Local Plan.
  - 1. North Devon and Torridge District Councils now support the Bideford railway and await the Initial Business Case findings.
  - 2. As well as a new rail link, where will the line run?  
For Bideford to re-join the national rail network, the new joint Local Plan for Torridge and North Devon needs to have a policy commitment to define and protect a route.
  - 3. It will then become a matter for future public and stakeholder consultations, and can gather more widespread support.
- 
-

## Next steps

- We are securing funding for an independent specialist advisor to produce an Initial Business Case for the project.
  - Railfuture and Tarka Rail Association have now part funded the report. In addition, TRA have applied to GWR's Community Fund for additional support.
- 
-

Thank you for listening.

ACE Rail is a campaign of Tarka Rail Association.

Supported by North Devon and Torrington District Councils,  
Bideford Town and Tawstock Parish Councils,
