

The **monthly** branch newsletter of **railfuture** in London and the South East

Britain's leading *independent* campaign for a bigger better railway for passengers and freight

Your tickets and railcards, please!

"Proposals to update the railway for how passengers use it today" OR "Customer-focused stations" – OR we're going to close most of your ticket offices!

"More than 150 railway station ticket offices are proposed for closure in London, it can be revealed. In London, Govia Thameslink Railway are proposing the closure of some 65 (not Victoria or Blackfriars), with Southeastern suggesting the closure of a further 40, and Southwestern Railway another 35." Evening Standard. Plus c2c five, Greater Anglia three, GWR two plus Paddington; also Euston and St. Pancras.

After weeks if not months of increasingly well-informed speculation, [consultations](#) were launched on 5th July initially for a mere three-week period. After a summer of discontent, however, the period was extended by over a month to Friday 1st September. Our multi-hatted Neil Middleton has co-ordinated our national response (see [2-page Summary](#)), which can be found in all of the usual areas of our website. Individual members of Railfuture are still being encouraged to submit their own private and personal responses, but strictly in that capacity – as individual citizens and without any reference to Railfuture, to avoid any risk of confusion or dilution of our 'single voice' official response.

What else has @RailfutureLSE done?

Since the early-July edition of *inter-railse* no.61, Railfuture's London and South East regional branch members, and / or committee members, have:

~ organised the national AGM, and presentation of the [9th Rail User Group Awards](#), on Saturday 15th July, in the University of London's Senate House.

Ten Awards and four commendations were presented by our Hon. President Christian Wolmar.

~ noted that the Planning Inspectorate received an application on 6 July from Gatwick Airport Ltd (with a new logo, above!) for a Development Consent Order for their controversial Northern Runway proposals.

~ held a regular meeting of the L&SE regional branch committee, in-person to prepare for the national AGM.

~ noted that Lewes District Council has adopted a revised Local Development Scheme for its new Local Plan. The next consultation – on 'Preferred Options' – will be this autumn ie September-November.

~ represented Railfuture in SCRP's MarshLink, Tonbridge-Redhill-Reigate, and North Downs Line Steering Groups, and the Stakeholder Advisory Board.

~ represented Railfuture in a second workshop for stakeholders finalising Network Rail's Southern Region / Kent and Sussex Routes' study for Kent-Gatwick Strategic Advice on rail connectivity.

~ joined meetings of our Eastern, Herts & Beds and Sussex & Coastway Divisions, all [online](#).

~ enjoyed the opening of Kent's first new station in eight years at [Thanet Parkway](#) (in 2015, Rochester!) With access off the A299 it's near Manston airfield and right by Cliffsend, Pegwell Bay, the old Ramsgate Hovercraft Port, not to mention the Viking ship 'Hugin'!

What shall we be doing this month?

London and South East regional branch members, and / or committee members, will be:-

~ holding a regular quarterly meeting of our Kent Division (in-person or [online](#) tbc).

~ holding a regular meeting of the L&SE regional branch committee, [online](#).

~ considering our response to GTR / Southern's proposals for changes to the [West Coastway timetable](#).

Our vision for Railfuture: An independent organisation whose views are respected by the rail industry, to which decision makers come for advice, which rail users are proud to join and recommend.

Britain's Growing Railway in London & the South East: August birthday

~ on the 12th (after a 'soft opening' to passengers on 25th July) the official opening of London Overground's Hackney Interchange walkway, in 2015.

Our vision for rail: A railway system that provides services which travellers and freight forwarders want to use, and which offers more journey opportunities to more people and more freight.
