Dear Sir / Madam,

Surrey Quays station enhancements

Railfuture is Britain's leading, longest-established, national independent voluntary organisation campaigning exclusively for a better railway across a bigger network for passenger and freight users, to support economic (housing and productivity) growth, environmental improvement and better-connected communities.

We seek to influence decision makers at local, regional and national levels to implement pro-rail policies in transport and development planning.

Station estimated in 2019-20 by ORR to be 105th-busiest in Britain, and 15th-busiest London Overground-managed, in need of this welcome capacity expansion and step-free accessibility for future growth and customer expectations.

Yours faithfully,

Roger Blake BA, MRTPI (Rtd), MTPS
