Dear MHCLG,

## **Establishing a Mayoral Combined County Authority across East Sussex, West Sussex and Brighton and Hove**

Question 1: *To what extent do you agree or disagree that establishing a Mayoral Combined County Authority over the proposed geography will deliver benefits to the area?*

Strongly agree

*Please explain your answer.*

A Greater Sussex with a single champion to determine, develop, design, and deliver economic, social and environmental programmes to support a more prosperous sub-region in 'punching above its weight' as a net contributor to the national economy.

Question 2: *To what extent do you agree or disagree with the proposed governance arrangements for the Mayoral Combined County Authority?*

Neither agree nor disagree

*Please explain your answer.*

As an independent voluntary organisation we aim to collaborate on a multi-agency, cross-sector and all-party basis with whatever governance arrangements may be in place. We are however especially interested in the Mayor's statutory role in governing, managing, planning, and developing the rail network, and engagement with the DfT on its national rail planning processes, and how they will be reflected adequately in future governance arrangements.

Question 3: *To what extent do you agree or disagree that working across the proposed geography through the Mayoral Combined County Authority will support the economy of the area?*

Agree

*Please explain your answer.*

Same as for Q1, noting that the sub-region's GVA is below both the regional and national levels.

Question 4: *To what extent do you agree or disagree that working across the proposed geography through the Mayoral Combined County Authority will improve social outcomes in the area?*

Agree

*Please explain your answer.*

Same as for Q1.

Question 5: *To what extent do you agree or disagree that working across the proposed geography through a Mayoral Combined County Authority will improve local government services in the area?*

Neither agree nor disagree

*Please explain your answer.*

May be more dependent on the results of local government re-organisation than devolution.

Question 6: *To what extent do you agree or disagree that working across the proposed geography through a Mayoral Combined County Authority will improve the local natural environment and overall national environment?*

Agree

*Please explain your answer.*

Same as for Q1.

Question 7: *To what extent do you agree or disagree that working across the proposed geography through the Mayoral Combined County Authority will support the interests and needs of local communities and reflect local identities?*

Neither agree nor disagree

*Please explain your answer.*

This will in our view be heavily dependent on the personal leadership qualities of the Mayor.
