### Our proposals

#### 1 Do you agree or disagree that there is a need for a capacity upgrade of Holborn station?

Strongly agree

#### 2 Please let us have any comments about the need for a capacity upgrade of Holborn station.

**Comments :**

The two Tube lines will be having capacity upgrades, especially the Piccadilly line, and Holborn is a continuously-developing area, both factors in driving more use of the station. The single entrance is already often unable to cope with demand at peak times.

#### 3 How strongly do you support or oppose our proposals for improving the capacity of Holborn station?

Strongly support

#### 4 Please let us have any comments about our proposals for improving the capacity of Holborn station.

**Comments:**

By the time they're complete in a decade's time they'll have become long-overdue, particularly in providing step-free access.
